

YORK® Affinity™ Hx3™ 4.3-inch Touch-screen Thermostat

Comfortably connected. Trust the leader in HVAC controls to give your customers complete control – anywhere they go. The YORK® Affinity™ Hx3™ 4.3-inch Touch-screen Thermostat seamlessly connects with both conventional and communicating home comfort systems to provide control from anywhere.

Unobtrusive, 4.3-inch size. Large enough to read easily but small enough to fit seamlessly into the home, the 4.3-inch Affinity™ Hx3™ thermostat is a perfect choice for homeowners who want a functional and stylish thermostat solution.

Always up-to-date. Installed systems connected via Wi-Fi® will receive software updates automatically via over-the-air updates – with no need to return to the home.

Easy setup and support. Near field communication and a dedicated distributor app allow for easier initial setup and ongoing, remote support.*

Real-time alerts with override. System notifications and plain text alert messages aid in remote diagnostics and can be manually disabled to avoid nuisance calls.

Optimized for YORK® systems. Engineered by the experts at YORK® to provide ENERGY STAR® Most Efficient performance when connected to select YORK® home comfort systems.**

Customer-preferred features. Easy-access home/away modes, schedule creation and exclusive quick heat/cool settings provide innovative, comfort-enhancing benefits in a compact, FCC-compliant package.

Complete control from anywhere. Our Hx™ Thermostat app for iOS and Android gives homeowners the ability to remotely control their HVAC system via Wi-Fi®, 3G or 4G – virtually anywhere with internet access using industry-standard security protocols. The Affinity™ Hx3™ thermostat offers voice control using Amazon Alexa, and is compatible with Apple Watch®.

*With homeowner permission. Near field communication is only available through Android-equipped devices. Distributor app is available for Android and iOS.

**When paired with Affinity™ outdoor equipment.

See how the YORK® Affinity™ Hx3™ 4.3-inch Touch-screen Thermostat has the features your customers want, whether installed in a communicating or conventional home comfort system.
